

Winter Driving Safety

Driving can be challenging in any weather condition, but is significantly more dangerous during the winter months. Drivers should consider the following safety rules when driving in wintry weather conditions:

Drive slowly

Accelerate and decelerate slowly

Increase your following distance

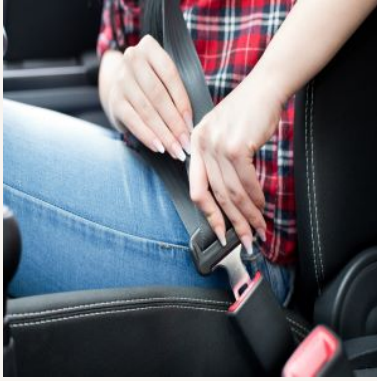

Check the weather before you leave for your destination

Keep an emergency kit in your car

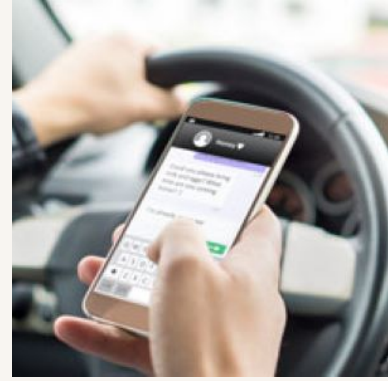

Stay with your vehicle if you get stuck in the snow

Always wear a seat belt

Winterize your car

Stay alert and do not drive distracted

If you have been injured in a [car accident](#), let the [Delaware County personal injury lawyers](#) at [Eckell, Sparks, Levy, Auerbach, Monte, Sloane, Matthews & Auslander, P.C.](#) help you with your case.
